choosing exotic hardwood flooring

- 1
- Exotic hardwood flooring may be installed on virtually any level of your home. >>
Simply follow our guidelines for installation on, above, or below grade.
Solid hardwood flooring is recommended for use on or above grade only.
Engineered products may be installed on any level of your home, including below grade basements.

	indusparquet® 3/4" solid	indusparquet® 7/16" solid	indusparquet® 5/16" solid	antiquity™ hand-scraped	dolomites engineered	triângulo® engineered	BR-111™ engineered
2nd Floor							
1st Floor							
Basement							

- 2
- Solid or engineered, exotic hardwood flooring provides a variety of installation >>
options, including nail, staple, glue-down and floating. Choose a specific
flooring line and follow our detailed installation guidelines.
Professional installation is recommended.

- 3
- Exotic hardwood flooring is available in a wide array of species, each with >>
unique characteristics ranging from color variation and grain pattern to
hardness and photosensitivity. Board width is another important element
when choosing your exotic hardwood floors. Thinner strip flooring
verses wide planks create a variety of additional design options.

exotic basics

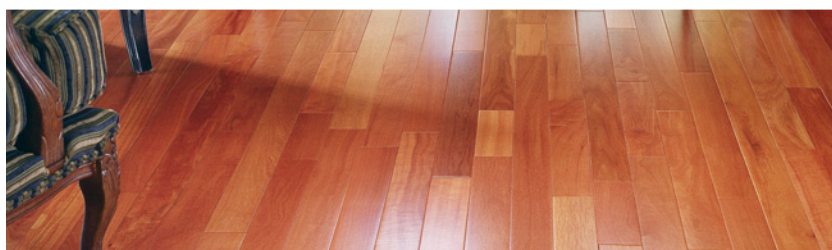

Exotic hardwood flooring offers exciting design options for literally any taste. Rich natural colors and distinctive graining provide characteristics that are unique to each species. Mix and match. The options are limited only by your imagination.

Legendary hardness is common among exotic hardwoods. Many species are up to three times harder than domestic Red Oak. Add our tough aluminum oxide finish, and these floors are rated to withstand the most demanding applications.

Choose the **AREA** of usage and **LEVEL** of your home

Choose **PRODUCT LINE** and **INSTALLATION** method

Choose flooring **COLOR** and **BOARD WIDTH**

A litany of color is often represented within one exotic species, creating a beautiful overall mosaic. Most species are finished natural, without stains, resulting in consistent color and grain throughout the thickness of each plank. Refinishing immediately restores

the hardwood's original natural beauty. Some exotics are also photosensitive, darkening over time with exposure to light. The process enhances the natural hues and stabilizes approximately three months after installation.

indusparquet 3/4" solid

prefinished for life

BR-111™ exotic hardwood flooring is prefinished with today's active family in mind. Our crystal clear aluminum oxide finish provides years of enjoyment with minimal routine maintenance, while revealing the enchanting character of real exotic hardwood. And because it's factory prefinished, installation is quick and easy, without sanding dust or finishing odors.

carefree maintenance

Caring for prefinished hardwood flooring is as easy as **1-2-3**

- 1** Sweep, vacuum, or dust mop
- 2** Clean spills with a damp cloth
- 3** Maintain with a leading brand of prefinished hardwood floor cleaner
(follow directions on bottle)

protect your investment

- Place floor mats or area rugs at outside entrances
- Install felt pads on movable furniture

your guarantee

BR-111™ exotic hardwood floors are covered by a comprehensive residential finish warranty extended to the original purchaser. Finish warranties are valid for a period of 14 or 24 years (based on the product line) and guarantee the wear layer will not separate from flooring when used under normal household conditions. Visit br111.com for detailed warranty information.

the last word

Complete the perfect installation with exotic molding and trim to match BR-111™ hardwood flooring. Precision milled from each species, molding and trim is packaged in separate protective sleeves.

environmental pledge

BR-111™ is committed to the preservation and renewal of the Brazilian rain forest, actively promoting sustainable forest practices and securing timber that is selectively harvested and inspected by the Brazilian Institute of the Environment and Natural Resources (IBAMA). Through reforestation and rational timber harvesting, the health and continuity of this most valuable resource will be passed along to future generations.

To further support this commitment, The BR-111™ Foundation, Inc. pledges a portion of every sale of BR-111™ flooring to support Brazilian rain forest preservation and a variety of non-profit social and philanthropic organizations in Brazil. For more information, please visit br111foundation.org
